MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Acquisition Support Center Distinctive Unit Insignia and Shoulder Sleeve Insignia Implementation Guidance

The current Acquisition Support Center (ASC) shoulder sleeve insignia (SSI) and distinctive unit insignia (DUI) were approved by the Institute of Heraldry for the U.S. Army Acquisition Executive Support Agency (AAESA) in 1998. When the Acquisition Career Management Office and AAESA were merged to create the ASC in 2001, ASC retained the SSI and DUI of AAESA.

ASC's SSI and DUI are to be worn only by those military personnel assigned to the ASC Table of Distribution and Allowances (TDA). This includes those Program Executive Offices (PEOs) and staff elements assigned to the ASC TDA.

Although the SSI and DUI are based on the AAC logo, they are not an Acquisition Corps SSI or DUI nor are they prescribed for wear by individuals not assigned to the ASC TDA. Individuals assigned to other organizations or units should wear the SSI and DUI of their respective organization or unit.

There is no plan to develop an AAC SSI, DUI, or regimental affiliation. For information on obtaining the SSI or DUI, contact SGT Dorothy Jackson, Administrative NCO, ASC, at (703) 805-2924, DSN 655-2924 or dorothy.jackson2@us.army.mil.
