

## **July–September 2010 *Army AL&T Magazine* Podcast**

Welcome and thank you for choosing *Army AL&T Magazine* as your information source.

This edition contains articles highlighting Program Executive Office Ground Combat Systems (PEO GCS) and PEO Combat Support and Combat Service Support (CS&CSS).

Our feature article provides an overview of PEO GCS' responsibility for leading and executing every aspect of total life-cycle systems management for the Army's GCS.

Another feature article describes the ground combat force's future through modernization of the Ground Combat Vehicle fleet.

Other articles from PEO GCS highlight Stryker Family of Vehicles modernization, Forward Repair Activity-Iraq drawdown, unmanned ground systems capabilities, and Digital Fire Control Systems commonality across towed artillery platforms. Numerous PEO CS&CSS articles discuss Tactical Wheeled Vehicles fleet management, fire suppression systems, the Joint Light Tactical Vehicle technology development phase, the Next Generation Automatic Test Station, and mobile fire suppression refill stations, among other topics.

Thank you for taking the time to read this issue featuring articles about the role of PEO GCS and PEO CS&CSS in sustaining the joint warfighter through mission-capable systems and technologies. We hope you enjoy this edition of *Army AL&T Magazine* and we hope you visit us again next issue.
