MEMORANDUM FOR DEPUTY DIRECTOR OF ACQUISITION CAREER
MANAGEMENT

SUBJECT: Authority to Establish the Acquisition Career Program Board
(ACPB)

Under the authority provided by Title 10, United States Code (U.S.C.), Section 3013(f), and Title 10, U.S.C., Section 1706, Title XII of Public Law 101-510, National Defense Authorization Act for Fiscal Year 1991 (the Defense Acquisition Workforce Improvement Act (DAWIA)), the Secretary of the Army has provided authority to establishment an ACPB and a subordinate ACPB structure to which all functions of the ACPB may be delegated (Enclosure). The purpose of the ACPB is to assist the Army Acquisition Executive and the Director for Acquisition Career Management (DACM) in managing the accession, training, education, and career development of military and civilian personnel in the acquisition workforce.

I hereby delegate the responsibilities of the ACPB to the subordinate ACPB, to be referred to as the ACPB Functional Working Group (FWG). You, in your capacity as the Deputy DACM, are responsible for establishing the ACPB FWG, to include drafting a document that outlines the responsibilities and operating procedures. The ACPB will oversee the activities carried out by the ACPB FWG and will be provided written summaries of all FWG activities. You will ensure that any actions presented to the ACPB FWG that require the attention of the AAE, the DACM, or the ACPB are raised to the appropriate level for consideration.

As the DDACM, you will act as chairman of the ACPB FWG. The chairmanship may not be further delegated except on a temporary basis in the event of your absence. It will then be delegated to the senior member of ACPB-FWG. My point of contact is Patricia Hopson (703) 704-0108, or e-mail to patricia.hopson1@us.army.mil.
