**Fiscal Year 2005 Military Acquisition Position List (MAPL) Review Slated**

Fort Belvoir, VA — LTG Joseph L. Yakovac Jr., Director, Acquisition Career Management (DACM), and Military Deputy to the Assistant Secretary of the Army for Acquisition, Logistics and Technology (ASAALT), will convene the FY05 MAPL Review on March 22-26, 2004, at Fort Belvoir. The event is hosted by the U.S. Army Acquisition Support Center, an ASAALT field-operating agency responsible for providing Major Army Command- (MACOM-) level support to the Army's 12 Program Executive Offices (PEOs) in the areas of resource management, human resources management and force structure.

The MAPL Review's purpose is to validate all Army military acquisition positions and requirements. Once the positions and MACOM requirements have been cross-leveled, an Order of Merit List (OML) will be developed. To support this year's MAPL Review, all MACOMs with military acquisition authorizations were required to submit an updated MAPL to ASC for their respective organizations by February 20, 2004.

Using FY05 Authorization documents as a basis for need, the MAPL Review is based on the Table of Distribution and Allowances (TDA) and/or Modified Table of Organization and Equipment (MTOE). Once prioritization is complete and the FY05 MAPL Review has concluded, the number of MAPL positions to be filled should match the number of authorized positions in the FY05 TDA/MTOE. The DACM and designated MACOM and PEO participants will review all MACOM requirements for necessity and authorization before submitting a recommended OML for final review and approval in May 2004.

For more information about the FY05 MAPL Review, contact Christian Fraley at (703) 805-1069, DSN: 655-1069 or via e-mail at [Christian.Fraley@us.army.mil](mailto:Christian.Fraley@us.army.mil).
