The U.S. Army Acquisition Support Center (USAASC) DACM Office is pleased to announce the YG 2016 offering of the DCELP. DCELP is designed to develop the next generation of innovative leaders with the technical competence to meet the future leadership needs of the Department of Defense (DOD). All Army acquisition submissions will be collected by the USAASC DACM Office.

General Program Information:

This DOD program utilizes a competency based approach focusing on Leading Self and Leading Teams/Projects. It consists of residential courses focused on: Championing Diversity, Project Management Essentials, Communication, Effective Meeting Management, Plain Language Writing, Leadership Foundations, and Trust Building. Pre-course work is required (readings and exercises) prior to attending each in-residence session.

Participants must also complete a formal capstone writing assignment in order to receive the DCELP Certificate of Completion. Throughout the training seminars within the course, the participants will have the opportunity to assess their potential for future leadership responsibilities and positions within DOD.

Participants should anticipate spending approximately 20-24 days in resident courses throughout the program. Each member of DCELP is required to have a mentor. Additional information on the program can be reviewed at <https://DODhrinfo.cpms.osd.mil/Directorates/HRSPAS/Leadership-Learning-and-Development/Pages/DCELP.aspx>.

You must submit your application in AAPDS by 11:59 pm on 18 June 2015.

Please note the following regarding DCELP for Army Acquisition participants:

- **FUNDING:** For Army Acquisition participants, acquisition organizations do not have any funding obligations – Tuition and lodging will be paid by DOD and TDY will be paid by the USAASC DACM Office.
- An Army Acquisition workforce member must first meet their position certification requirement before they are eligible for additional centrally funded training. He/she must also be a permanent employee (not term or conditional).
- DCELP is a residency program. If you are local to Southbridge, you still must stay at the hotel.

(1) Army acquisition workforce members selected to participate in DCELP must complete an Agreement to Continue in Service before assignment to the training. Employees will be denied training if he/she fails to sign a CSA and include in this application. A signed copy of the agreement must be maintained in the organization’s case file.

(2) The period of continued service obligation is equal to three times the length of the training period. For example, if the training period is one year, the obligated continued service would be three years (one year times three.)

(3) An employee is required to continue in service for three times the amount of time the employee participated in the program even if the employee voluntarily drops out of the program. The determination on whether or not an employee is involuntarily removed from the program (e.g. for performance related issues) to continue service will be decided on a case-to-case basis.

(4) Supervisors at all levels are charged to protect the Governments interests should an employee fail to successfully fulfill his/her signed training agreement by not completing the continued service obligation. Supervisors, or a designated official, will review the status and circumstances of each unexpired agreement to decide whether to transfer, waive or require repayment of expenses incurred other than salary costs.

(5) Reimbursement is required upon departure from the Federal Government prior to completion of the service agreement. Training costs include course tuition, per diem (meals), and travel (TDY funds). Salary and benefits are not included in the cost of training. If the employee fails to complete the obligated service period, action can be taken to recover training costs. The USAASC DACM Office has the option of recovering the cost of training by setoff against accrued pay, compensation, retirement credit, or other monies due the employee if the employee fails to serve in the Federal Government for the agreed amount of time.

After all sections are completed and required documents are uploaded, you must hit the "submit" button to submit your completed application in AAPDS. The uploaded documents must be in .doc, .docs, .pdf, or .txt formats.

As a reminder, please do not attempt to upload a document that is password-protected or that contains macros. This will cause the process to fail.
