The Aerospace & Defense MBA is the flagship offering from the Aerospace & Defense Business Institute in UT's Haslam College of Business. The ADMBA is America's only executive MBA custom-designed for professionals and sponsoring employers from every sector of A&D. The 2015 class is the program's twelfth. The program has graduated more than 250 of the industry's top leaders since 2004.

The ADMBA Class of 2015 includes 35 students representing virtually every sector and business function in the industry. Supporting employers represented include the US Army, Air Force and Navy; National Guard units, commercial airlines, 'prime' defense contractors, business aviation, suppliers and small business. Business functions represented include: research and development; test and evaluation; manufacturing and production; program management; supply chain management; maintenance, repair and overhaul (MRO); resource management; contracting; business development, operations and human resources.
