The 2006 CCAS rating cycle had 63 pay pools for a decrease of 1 from the 2005 CCAS cycle of 64.

Two new pay pools were created for the 2006 CCAS cycle: AMSAA at Rock Island Arsenal and PEO C3T created a supervisory pay pool. Three pay pools were deactivated – OAA DOL (re-organized), ASC GMD (re-aligned to MDA), and ARDEC (re-aligned).

Army AcqDemo had a 4.8% increase in participation in 2006 from 6467 to 6778. Only 6580 of the 6778 were eligible for the 2006 CCAS rating.

# CRI + CA Funding Levels Trend

# NSPS Pay Pool Funding [ 1 of 4 ]

## Element 1 – Performance-based Salary Increase

**Please note the key word in determining Element 1 funding level. The key word is “spending”, not “funding”. In AcqDemo CCAS term, the “Approved CRI” was what was distributed to the employees.**

**Slide 7 has the AcqDemo pay pools’ historical funding levels for CRI and CA. The historical spending rates are at Slides 11 and 12.**

**NSPS Pay Pool Funding - Reference: DRAFT Army Spiral 1.1, 1.2, and 1.3 Interim Guidance for January 2008 Pay Pool Funding, dated February 12, 2007.**

- **DETERMINING ELEMENT ONE HISTORICAL SPENDING:**
  - **Element 1 Pay Pool Funding Floor:** Under NSPS, the Department of Army must, in the aggregate, apply 2.26% of base salary to Element One Pay Pool Funding. Element One funds are pay pool funds paid out as an increase to base pay during the pay pool process. Element One, is one of three pay pool funding elements.
  - **Determining Element 1 Historical Averages for Demonstration Projects:** It is relatively simple to determine the historical spending of Element 1 spending averages for demonstration project organizations currently covered by pay pools. Identify the sum of the actual pay increases that occurred during your pay pool payout and divide that number by the aggregate salary of employees at the beginning of the year. Do not count Element 1 or pay increase funds that rolled over to and were paid out as bonuses. Such payments will not be credited toward meeting the floor under NSPS. **See Slides 11 and 12 for AcqDemo pay pool historical spending.**
  - **Pro-Rating Element 1 Funding Floor:** The 2.26% Element 1 funding floor assigned to each Army Command and equivalent organization may be pro-rated to reflect shortened performance cycles [See Slide 4 of Appendix A]. Pro-rating is often necessary to stay within civilian pay funding limits. This is because organizations will be paying General Schedule Element 1 bills for WIGIs and In-Band Promotions for that part of the fiscal year during which they are not covered by NSPS. **Not applicable for former Army AcqDemo pay pools.**
  - **Funding Above the Element 1 Floor:** Army Commands and equivalent organizations may authorize and/or delegate to the Performance Review Authority or Pay Pool Manager level authorization to allocate additional funds, when available to any element of the Pay Pool Fund. **NOTE: 2.26% must be paid out as performance-based salary increases.**

# NSPS Pay Pool Funding [ 2 of 4 ]

## Element 2 and Element 3 – Performance-based Awards

**NSPS Pay Pool Funding - Reference: DRAFT Army Spiral 1.1, 1.2, and 1.3 Interim Guidance for January 2008 Pay Pool Funding, dated February 12, 2007.**

- **ELEMENT TWO (2) PAY POOL FUNDS** - Under NSPS, the Secretary of Defense has the authority to determine what amount of the Government-wide general pay increase (January pay adjustment) will be allocated to rate range adjustments and local market supplements and to apply any remaining amount to the NSPS performance pay pool. Any amount applied to the pay pool from the January pay adjustment is considered Element 2 funds. Element 2 funds may be paid out as either an increase to base salary or a bonus. The Secretary of Defense may also decide not to apply any of the Government-wide general pay increase to Element 2 pay pool funds as was the case in January 2007.
- **DETERMINING ELEMENT 3 PAY POOL FUNDS**
  - **Determining Amount of Element 3 Funding:** There is neither a DoD or Army-wide funding floor nor limit for Element 3 Pay Pool Funding. Army Commands and equivalent organizations may establish Element 3 funding guidance (floors, limits, ranges) for their organizations or delegate this authority to the Performance Review Authority or Pay Pool Manager level. The amount of funding applied to Element 3 may be determined based on historical funding for performance awards under TAPES (minus QSI's), if affordable, or based upon the percent of base salary programmed for performance awards for the fiscal year of their first pay pool payout. **See Slide 7 for AcqDemo pay pool historical funding and Slides 11 and 12 for historical spending.**
  - **Pro-Rating Element 3 Funds:** The last TAPES performance payout will have occurred in the fall of 2006 (i.e., at the beginning of FY 07). The first spiral 1.2 and 1.3 payout will be made with FY 08 dollars. Since there is no TAPES closeout bill for Spiral 1.2 and 1.3 organizations during FY 08, pro rating of Element 3 pay pool funds is not required and may result in disadvantaging employees in the organization. **No pro-rating for former Army AcqDemo pay pools.**

Delta OCS Range	-71 to +32	-39 to +25	-35 to +29	-37 to +25	-31 to +33	-57 to +21	-24 to +30	-16 to +28

\* **An Expected OCS greater than 100 was due to the 2005 Workforce Flexibility Act.** This legislation changed the handling of locality pay for Title 5 employees on retained pay. The Act stipulates that base pay for retained pay employees be recomputed on 1 May 2005 to become the total of current base pay and locality pay. These employees then do not receive locality pay. Future increases in their base pay due to the general increase are computed using the locality tables: employees receive half of the increase in the maximum pay for their band using the appropriate locality table. An Expected OCS Calculator for Retained Pay was not developed in time for the 2005 CCAS cycle affecting five Army pay pools.

CCAS 1999 gave 42.77% of the workforce CRI that was equal to or greater than a within-grade-increase.

CCAS 2000 gave 40.33% of the workforce CRI that was equal to or greater than a within-grade-increase.

CCAS 2001 gave 47.22% of the workforce CRI that was equal to or greater than a within-grade-increase.

CCAS 2002 gave 45.62% of the workforce CRI that was equal to or greater than a within-grade-increase;

CCAS 2003 gave 43.36% of the workforce CRI that was equal to or greater than a within-grade-increase; and another 18.91% (790 of 4177) had CRI carryover and added to CA.

CCAS 2004 gave 44.46% of the workforce CRI that was equal to or greater than a within-grade-increase and another 23.28% (1287 of 5528) had CRI carryover and added to CA for a Total Award because they were at the maximum salary for their broadband level.

CCAS 2005 gave 40.73% of the workforce CRI that was equal to or greater than a within-grade-increase and another 23.70% (1533 of 6467) had CRI carryover and added to CA for a Total Award because they were at the maximum salary for their broadband level.

CCAS 2006 gave 38.96% of the workforce CRI that was equal to or greater than a within-grade-increase and another 25.07% (1699 of 6778) had CRI carryover and added to CA for a Total Award because they were at the maximum salary for their broadband level.
