 **AWPS** ARMY WORKLOAD AND PERFORMANCE SYSTEM

This is a Department of Defense Computer System.

This computer system, including all related equipment, networks, and network devices (specifically including Internet access) are provided only for authorized U.S. Government use. DoD computer systems may be monitored for all lawful purposes, including to ensure that their use is authorized, for management of the system, to facilitate protection against unauthorized access, and to verify security procedures, survivability, and operational security. Monitoring includes active attacks by authorized DoD entities to test or verify the security of this system. During monitoring, information may be examined, recorded, copied and used for authorized purposes. All information, including personal information, placed or sent over this system may be monitored. Use of this DoD computer system, authorized or unauthorized, constitutes consent to monitoring of this system. Unauthorized use may subject you to criminal prosecution. Evidence of unauthorized use collected during monitoring may be used for administrative, criminal, or other adverse action.

Use of this system constitutes consent to monitoring for these purposes.

Login User ID:
Password:
PKI Issuer: DOD CLASS 3 CA-5
PKI Subject: GEDGE MICHAEL S. 1258525775
Valid From: 9/20/2005
Valid Until: 9/19/2008 11:59:59 PM

Access to AWPS requires that you always use the same PKI Certificate that is registered to your AWPS account.

If this PKI Certificate is different from the one you previously registered, or if you previously were approved for access without a PKI Certificate, you can register this new PKI Certificate to your AWPS account by following these instructions:

- First note, when you perform this process, your AWPS account MAY be locked and access denied if this PKI Certificate is not from a valid DoD Issuer and does not match your AWPS identity information.
- Check to certify that you want to register this PKI Certificate to your AWPS account.
- Enter your Login User ID and Password above, then click "Begin Login".
- The Login process will register this new PKI Certificate and validate its authenticity. If valid you will see the normal AWPS application page. If not validated then the AWPS Helpdesk will be notified to verify your access, you will then be notified via e-mail when your access is approved or denied.

If you need assistance please contact the [AWPS Helpdesk](#).
