a. The DAU-SSCF is a 10-month, in-residence, senior leadership development program, conducted by the DAU at one of four SSCF seminar locations: Huntsville, Alabama; Warren, Michigan; Aberdeen Proving Ground, Maryland; and Picatinny, New Jersey. The program’s purpose is to provide leadership development and acquisition training to prepare senior Army civilians for key acquisition leadership positions, such as Product Manager, Project Manager, and Program Executive Officer.

b. The DAU-SSCF Program of Study consists of (1) the Program Managers’ Course (PMT 401); (2) extensive training and experiential development in the components of senior and executive level leadership and its application to Army acquisition; (3) studies in resource requirements and acquisition integration for senior and strategic leaders; (4) the application of acquisition to national defense; (5) a research project focusing on a relevant acquisition issue the end product of which adds to the Army’s body of acquisition knowledge; (6) a mentoring program with government and industry senior leaders and senior leadership speaker’s program; and (7) extensive exposure to the national industrial base, the Army’s organic sustainment structure, and muddy boots experience at multiple Combatant Commands and a National Training Center.

c. On 28 March 2013, Headquarters, Department of the Army G-3/5/7 Office, in accordance with Army Regulation 621-7 (Reference 1b), granted the DAU-SSCF Program Military Education Level 1 (MEL-1) equivalency.

d. Master’s Degree Option. All Fellows have the option to obtain a Master’s degree during off-duty hours. If a Fellow does not currently possess a Master’s degree, the Army DACM Office will centrally fund the degree. Fellows who already have a Master’s degree are welcome to secure command funding in order to obtain an additional Master’s degree while attending the DAU-SSCF Program.

e. Sponsoring commands/organizations may require that their DAU-SSCF Fellow obtain a Master’s degree thru the SSF Program. In such case, the sponsoring command/organization will be responsible for the cost of the additional degree.
6. Program Announcement. The Army DACM Office is responsible for planning, managing, and announcing the DAU-SSCF Program each year. The announcement will be advertised in January each year and posted on the USAASC web site (https://asc.army.mil) for a minimum of 60 days.

7. Eligibility:
   a. See the DAU-SSCF Program announcement and/or the Army DACM website (https://asc.army.mil/web/career-development/programs/defense-acquisition-university-senior-service-college/) for specific information about eligibility requirements.

   b. Civilian Education System (CES) Advanced Course.
      1) At the time of application, DAU-SSCF Program applicants must have completed the Civilian Education System (CES) Advanced Course in one of three ways: Resident CES Advanced Course; Equivalency Credit; or Constructive Credit. More information on CES Advanced Course may be found at the following US Army Combined Arms Center webpage: https://usacac.army.mil/organizations/cace/amsc/advanced.

      2) DAU-SSCF Program applicants who have been unable to obtain a seat in the Resident CES Advanced Course are eligible to submit a CES Advanced Course waiver; however, applicants interested in submitting a CES Advanced Course waiver must have already completed the CES Advanced Course online portion. The Army DACM Office will review all waiver requests and serve as the final decision authority. If selected for the DAU-SSCF Program, Fellows with a CES waiver will not receive MEL-1 SSC equivalency until they complete the CES Advanced Course. The Army DACM Office will monitor all graduates to ensure CES completion.

   c. AAW professionals who have completed other SSCs are not allowed to participate in the DAU-SSCF Program.

8. Application:
   a. The Army DACM Office’s online system used for DAU-SSCF Program application submissions and selection boards is the AAPDS, which can accessed via the Career Acquisition Management Portal (CAMP) at https://apps.asc.army.mil/camp. Applicants must complete all required documentation and information requested in the announcement using AAPDS before the closing date identified in the DAU-SSCF Program announcement or they will not be eligible for consideration. The only exception will be applicants who are deployed and do not have access to CAMP.
b. Applicants who apply with sufficient lead-time before the closing date of the announcement will be notified if their application is incomplete. They will then be allowed to resubmit the correct or requested information, provided it is submitted before the closing date of the announcement.

c. Applicants with home and/or duty locations in close proximity to a SSC (such as the Eisenhower School or Army War College) may not apply to the DAU-SSCF Program. These applicants must apply to SSC via the Army’s Senior Enterprise Talent Management (SETM) Program announcements.

9. Selection:

   a. The Army DACM Office will convene a DAU-SSCF Program selection board to review the applications and provide recommendations to the DACM on the best qualified candidates. Board members will evaluate and rate applications of all individuals determined eligible for the DAU-SSCF Program, using the guidance and selection criteria outlined in the DAU-SSCF Program Board MOI.

   b. All individuals who apply for consideration for DAU-SSCF will receive fair and equitable evaluation under the announcement and board process.

   c. The selection board will recommend principals and alternates for each DAU-SSCF location.

   d. The board officer will prepare the RSL to the DACM for approval.

   e. Principals will be notified by e-mail of their selection for the DAU-SSCF Program. They must accept/or decline the DAU-SSCF Program selection in writing within ten days of notification.

   f. Non-selectees will be notified within ten days after board completion.

   g. Alternates will be contacted if there is a declination in their region.

   h. Principal or alternate selectees who decline selection with prejudice will be removed from any future consideration in the DAU-SSCF Program.

10. Funding:

   a. The Army DACM Office will fund the DAU-SSCF Program costs at each seminar location for each AAW civilian participant. Non-AAW participants are responsible for funding their tuition, travel, and per diem.
b. Individuals must attend the DAU-SSCF Program at their command location. In cases where an individual applies for program attendance outside of his/her local commuting area, commands must provide a statement in the Command Endorsement Memorandum which acknowledges their responsibility for covering the individual's travel and per diem expenses. Commands are responsible for travel and any permanent change of station costs associated with selectee's attendance at the DAU-SSCF Program.

11. Temporary backfills are authorized and are the responsibility of the Command and organization. Commands are encouraged to identify other key staff personnel to assume the responsibilities of the individual selected to participate in the DAU-SSCF Program.

12. Quotas/Program Class Size. The DAU-SSCF Program class size in any given program year may increase or decrease at each seminar location based on funding constraints and the needs of the Army. The DACM has first priority in placement of AAW Fellows against these quotas at each DAU-SSCF seminar location. Non-AAW Fellows (i.e. Missile Defense Agency, other DoD services, or agencies) may be placed after AAW Fellows have been assigned if space allows. The DAU-SSCF Executive Director and the Army DACM Office will ensure that non-AAW applicants are held to the same admission criteria as AAW applicants.

13. Post-graduation utilization. All graduates of the DAU-SSCF Program should be assigned to a position of greater responsibility. Identification and assignment of each graduate will be conducted by the command/organization or a Senior Leader board. It is recommended that the assignment process begin immediately after admission to the DAU-SSCF Program.

14. Reimbursement:

a. AAW professionals who do not complete all of the program requirements will not graduate and may be required to reimburse the Federal Government for the cost of their participation in the DAU-SSCF Program. In addition, these AAW professionals may be required to reimburse their Command for any travel and per diem costs that were incurred. Those specific details and associated costs are at the discretion of the Command.

b. If the reimbursement amount is not paid in full or financial arrangements are not made within 30 days of notification of payment, the AAW professional’s Command will be notified regarding his/her debt owed to the Federal Government. The individual will be prevented from participation in other training, education, or experience programs sponsored by the Army DACM Office if this debt is not resolved. All reimbursement for the DAU-SSCF Program will be made payable to the US Treasury via money order or
certified check and mailed to: U.S. Army Acquisition Support Center, 9900 Belvoir Road, Bldg 201, Suite 101, ATTN: DAU-SSCF Program Manager, Fort Belvoir, VA 22060.

c. Students who are unable to reimburse the Federal Government in full within 30 days of notification of payment may request a payment plan to resolve their debt. The plan must be submitted to the DAU-SSCF PM within 30 days of notification of the requirement to reimburse the Federal Government.

15. Continued Service Agreement (CSA):

a. All Federal employees selected to participate in the DAU-SSCF Program must complete a CSA before assignment to the training. Employees will be denied training if he/she fails to sign a CSA before the training begins. Supervisors will ensure the employee is informed in advance of the obligation. A signed copy of the agreement must be maintained in the organization’s case file. The completion of the DAU-SSCF Program must be achieved within the timeframe specified by the program of study. The period of CSA obligation begins at the completion of the program. The employee is in full pay status while participating in the DAU-SSCF Program.

b. The employee is agreeing to the terms and period of obligation and is required to sign the CSA prior to the start of training. The period of continued service obligation is three times the length of the training period (3:1 ratio). For example, if the training period is 24 months, the obligated continued service would be 72 months (24 months x 3).

c. In accordance with the CSA, if the employee voluntarily drops out of the DAU-SSCF Program, he/she is still required to continue in federal service for a minimum period of three times the amount of time that he/she participated in the program. The determination on whether or not an employee is involuntarily removed from the program (e.g. for performance related issues) to continue service will be decided on a case-by-case basis.

d. Employees are required to reimburse the Government if they depart from the Federal Government prior to completion of the CSA. Training costs include course tuition, books and materials, lab and technology fees. Salary and benefits are not included in the cost of training.

e. If the employee fails to complete the obligated CSA period, any amounts which may be due to the employing agency as a result of any failure to meet the terms of the CSA may be withheld from any monies owed by the Federal Government, or may be recovered by such other methods as are approved by law.
f. Supervisors at all levels are charged to protect the Federal Government's interests, should their employee fail to successfully fulfill his/her signed training agreement by not completing the CSA obligation period. The supervisor, or a designated official, will review the status and circumstances of each unexpired CSA to decide whether to transfer, waive or require repayment of expenses incurred other than salary costs. Managers should contact the Civilian Personnel Advisory Center immediately if it appears that a CSA may not be fulfilled.

16. Failures or No-Shows:

a. AAW professionals who academically fail a resident DAU course required for their DAWIA certification will not be eligible to apply for or participate in the DAU-SSCF Program until they successfully meet their certification requirements.

b. The program restriction listed above will also apply to any AAW professional who is enrolled in a resident DAU course (regardless if the course is required for certification) and fails to show up for the class. The Army DACM and the DAU consider these students to be "no-shows". This status can negatively impact the Army's future seat allocations for these courses. AAW professionals who have a "no-show" status will remain ineligible to apply for the DAU-SSCF Program for a period of one year, starting on the last day of the scheduled resident course that they failed to attend.

17. Other Administrative Procedures:

a. Assigned Organization. AAW professionals selected for the DAU-SSCF Program will remain assigned to their current organization while attending the program. The command must confirm this requirement in the Command Endorsement Memorandum.

b. Salary and Leave Administration. The student's organization is responsible for his/her salary, administration of leave, and maintenance of leave records. It is the Fellow's responsibility to ensure his/her organization is aware of recess periods and leave taken while assigned to the DAU-SSCF Program.

c. Performance Appraisals. DAU-SSCF Program selectees should be provided a close-out rating. Selectee and supervisor should check with their organization for assistance on the procedures to follow for the performance evaluations and other requirements.

d. Senior Rater Potential Evaluation (SRPE). DAU-SSCF Program selectees should be provided a close-out rating, prior to commencement of DAU-SSCF.
Selectee and supervisor should check with their organization for assistance on the procedures to follow for the SRPE completion.

18. Effective date and implementation: This policy is effective immediately and will remain in effect until rescinded.
