

FORT BELVOIR, Va. (Jun 1, 2023) – Twelve GS-14 candidates from the Army Acquisition Workforce were selected from the Fiscal Year 2023 (FY23) product director (PD) centralized selection board held 6-10 June 2022, at Fort Knox, Kentucky.

Entering its ninth year of execution, the civilian only centrally selected PD board is the cornerstone talent management initiative for identifying high performing, high potential civilians who possess leadership potential to fill civilian PD positions.

Since the initial launch of a pilot in 2015, the PD program has distinguished itself as the Director; Army Acquisition Corps (DAAC) benchmark talent management effort to grow future civilian centrally selected product/project managers.

Congratulations to the following FY23 Product Director selectees shown slated to the positions they will assume this Summer:
