**MEMORANDUM FOR SEE DISTRIBUTION**

**SUBJECT: Fiscal Year 2025 (FY25) Centralized Selection List (CSL) Review Decisions**

1. The FY25 CSL Review was completed on 24 May 2023. The review focused on CSL programs scheduled for FY25 incumbent rotations as well as proposed new start positions. The resulting decisions are enclosed.
2. Under criteria specified in Title 10, United States Code, Section 1722, the determination is made that a member of the armed forces is required for CSL positions identified as "Mil Only" in Enclosure 1, either by law, essential for performance of the duties of the position, or for another compelling reason. These positions will be reported to the Secretary of Defense in accordance with Department of Defense Instruction (DoDI) 5000.66 reporting procedures.
3. Active Guard Reserve (AGR) officers from the U.S. Army Reserve (USAR) or Army National Guard (ARNG) selected as either principals or alternates will be slated and assigned to command/key billet positions as prescribed in the "eligibility" column of the enclosed FY25 CSL Decisions spreadsheet. AGR principals or alternates may not be activated, slated or assigned to positions that are not identified as eligible for their component in the "eligibility" column. All command/key billet selectees will be activated, slated and assigned in accordance with the "remarks" and "current Mil/BQ" columns of the enclosed spreadsheet.
4. Officers selected for promotion, while serving in a key billet position, vacate their CSL position upon promotion or completion of greater than 50% of the prescribed CSL tour length, whichever occurs last.
5. My point of contact is Mr. Christopher M. Jones, commercial (703) 678-7853 or e-mail: Christopher.m.jones100.civ@army.mil.
