

DEFENSE ACQUISITION CREDENTIAL PROGRAM

LEGEND:

Deployed	In Development	Pre-Production/Backlog	Knowledge Area*
----------	----------------	------------------------	-----------------

AUD Total Deployed: 0	CON Total Deployed: 28	ETM Total Deployed: 20	LCL Total Deployed: 19	PM Total Deployed: 12	T&E Total Deployed: 2
BUS Total Deployed: BCE-4/BFM-5 BUS-CE 1. CBCE 001: Software Cost Estimation 2. CBCE 002: Application & Implementation of Operating & Support Cost 3. CBCE 003: Understanding and Measuring Risk and Uncertainty 4. CBCE 005: Data Collection, Statistical Analysis, and Visualization Credential FY TBD • CBCE 004: Costing DoD Industrial Base & Supply Chain Fundamentals BUS-FM 1. CBFM 001: Defense Working Capital Fund (DWCF) 2. CBFM 002: Industry Financial Business Acumen 3. CBFM 003: Defense Business Systems for Financial Managers 4. CBFM 004: Military Construction for Financial Managers 5. CBFM 005: Data Analysis and Acquisition Reporting TBD • CBFM 006: Preparation of Budget Exhibits and J-Books Presentation	1. CCON 001: Advanced Proposal Analysis – Direct Costs and Cost Modeling 2. CCON 002: Business Foundations 3. CCON 003A: Proposal Analysis 4. CCON 004: Quantitative Methods 5. CCON 005: Contract Financing 6. CCON 006: Incentive Contracting 7. CCON 007A: Defective Pricing 8. CCON 008: Commercial Acquisition 9. CCON 009: Advanced Proposal Analysis – Indirect Costs, Profit, and Documentation 10. CCON 010: Special Topics in Contract Pricing 11. CCON 011: Construction Contracting 12. CCON 012: Architect-Engineering Contracting 13. CCON 013: Contract Admin Special Topics 14. CCON 014A: Foundational Contingency Contracting 15. CCON 016: Excel Skills for Data Analytics and Visualization 16. CCON 017: Pricing Tools and Techniques 17. CCON 018: Excel Skills for Business 18. CCON 019: Negotiations 19. CCON 020: Contracting for Systems Acquisition 20. CCON 021: Contracting for Research & Development 21. CCON 022: Simplified Acquisition Procedures (Purchasing) (*9) 22. CCON 023: Other Transaction Authority (OTA) (*9) 23. CCON 024: Operational Contracting 24. CCON 025: Contracting for Services 25. CCON 027: Quantitative Methods Application 26. CCON 028: Contracting for Log & Sustainment 27. CIND 001: Industrial Contract Property Mgmt 28. CSBP 001A: Small Business Professional (*8)	1. CACQ 015: Digital Acquisition Lifecycle 2. CYB 001: Program Protection (*1 & *2) 3. CCYB 002A: Cybersecurity for PMs (*1 & *2) 4. CCYB 003: Fundamental Secure Cyber Resilient Engineering 5. CCYB 004: Int Secure Cyber Resilient Engineering 6. CENG 003: AI Foundations for the DoD (*10) 7. CENG 004A: Agile DoD Team Member (*10) 8. CENG 012: Technology Project Management (*5) 9. CENG 013: Technology Portfolio Management 10. CENG 016: Intermediate SE Requirements & Architecture 11. CENG 026: Quality Surveillance 12. CENG 031: Basics of DoD Software Modernization (*10) 13. CENG 032: Introduction to DoD DevSecOps (*10) 14. CENG 033: DevSecOps Tool Selection, Pipeline Construction & Management 15. CENG 034: DevSecOps Cont. Development in DoD 16. CENG 035: DevSecOps Continuous Delivery 17. CENG 036: Modern Software Configuration Management Strategies 18. CENG 038: R&M Engineering Technical Activities (Plan, Design, and Procure) 19. CENG 039: Life Cycle R&M Engineering Programmatic Activities 20. CENG 040: Defense Acquisition Standardization Credential FY TBD • CENG 017 Intermediate SE Management • CENG 018: Intermediate SE Product Development	1. CLCL 001: Product Support Management Fundamentals 2. CLCL 002A: Integrated Product Support 3. CLCL 003A: Supply Chain Integration 4. CLCL 004: Maintenance Planning & Management 5. CLCL 005: Supportability & Design Interface 6. CLCL 006: Designing Supportable Systems 7. CLCL 007A: Product Support Analysis 8. CLCL 008: Product Support Arrangements 9. CLCL 009: Information Technology Life Cycle Support (*10) 10. CLCL 010: Technical Data Management 11. CLCL 011: Product Support Affordability & Cost Fundamentals 12. CLCL 012B: Product Support O&S Cost Management 13. CLCL 013: Packaging, Handling, Storage & Transportation (PHS&T) 14. CLCL 014A: Parts & Material Life Cycle Management 15. CLCL 015: Product Support Infrastructure 16. CLCL 016: Digital Product Support 17. CLCL 017: Supply Chain Resiliency (*2) 18. CLCL 018: Product Support Data Requirements 19. CLCL 019: Regional Sustainment Framework and Co-Sustainment FY TBD • CLCL 020: Accountable Property Officer (APO) • CLCL 021: Configuration Management (CM) • CLCL 022: Corrosion Prevention & Control	1. CACQ 001: Services Acquisition Team Member: Non-Acquisition Professional (*3) 2. CACQ 002: Services Acquisition Team Members: Acquisition Professionals (*3) 3. CACQ 005: Foundational Earned Value Management (*4) 4. CACQ 006: Acquisition Law & Policy 5. CACQ 007: Category Management 6. CACQ 008A: Foundational Intellectual Property (IP) (*6) 7. CACQ 009: Practitioner Earned Value Management (EVM) (*4) 8. CACQ 010: Foundational Acquisition Intelligence (*1) 9. CACQ 011: Foundational Software Acquisition Management (*9) 10. CACQ 012: International Acquisition/Security Cooperation for Program Managers (*2 & *7) 11. CACQ 013: Functional Services Manager (*3) 12. CACQ 014: Facilities Engineering	1. CTST 001: Applying Scientific Test & Analysis (STAT) Techniques 2. CTST 005: T&E of AI Fundamentals FY27 • CTST 006: T&E and Tracking Reliability • CTST 007: T&E of Software (SW) • CTST 008: Evaluating Data FY TBD • CTST 002: Cyber T&E Fundamentals

*KNOWLEDGE AREAS	
#1 Acquisition Intelligence (3)	#7 International Acquisition/Security Cooperation (1)
#2 Acquisition Security (4)	#8 Small Business (1)
#3 Acquisition of Services (3)	#9 Software Acquisition (4)
#4 Earned Value Management (2)	#10 Software Development (5)
#5 Information Technology (1)	
#6 Intellectual Property (1)

For Informational Purposes Only – Dates/Titles Subject to Change

Functional Area Credential Development Prioritized and Approved by Functional Area Leads

Defense Acquisition Credential Program - Renewals

- All Defense Acquisition Credentials have an expiration date, usually three (3) to five (5) years after their initial deployment date.
- Unless otherwise indicated, all Defense Acquisition Credentials will be eligible for renewal.
- Renewal requirements will be identified no later than 30 days prior to the credential's expiration date.
- Renewal requirements will vary – depending on what is needed to ensure the credential's content is still up-to-date.
- Individual renewal requirements will also vary – depending on what credential requirements were in place when the learner completed the credential.
- Learners who wish to renew their credential to maintain currency will have six (6) months after their expiration date to complete the renewal requirements.

The chart below shows the next credentials eligible for renewal.

Credential ID	Title	Deployed Date	Expiration Date
CCON 012	Architect-Engineering Contracting Credential	06/02/2021	06/02/2026
CCON 011	Construction Contracting Credential	07/02/2021	07/02/2026
CLCL 001	Product Support Management Fundamentals Credential	07/23/2021	07/23/2026
CLCL 005	Supportability & Design Interface Credential	07/23/2021	07/23/2026
CIND 001	Industrial Contract Property Management Credential	08/27/2021	08/27/2026
CBCE 001	Software Cost Estimation Credential	10/5/2023	10/5/2026
CACQ 012	International Acquisition Security Cooperation for PMs Credential	11/8/2023	11/8/2026
CLCL 004	Maintenance Planning and Management Credential	12/17/2021	12/17/2026
CCON 002	Business Foundations Credential	12/29/2021	12/29/2026

For specific renewal requirements, view the [Credential Renewal Report](#), available via any Credential Concept Card in the iCatalog.
