**SYSTEMS ENGINEERING &
ARCHITECTURE OFFICE**

May 2026 Edition

New Credentials Deployed!

In coordination with the Engineering and Technical Management (ETM) Functional Integration Team, the **Warfighting Acquisition University (WarU)** deployed three new credentials.

CACQ 015: Digital Acquisition Lifecycle Credential, builds a shared understanding of model-based digital acquisition across functional areas and prepares learners to engage confidently with digital models. Register for this credential [HERE](#).

CENG 034: DevSecOps Continuous Development in DoD, provides hands-on learning experiences as it walks students through a Department of War software factory process for continuous software development. Register for this credential [HERE](#).

CENG 035: DevSecOps Continuous Delivery, reviews how to effectively utilize continuous software delivery and the tools necessary to integrate into the pipeline. Register for this credential [HERE](#).

New Learning Assets Available

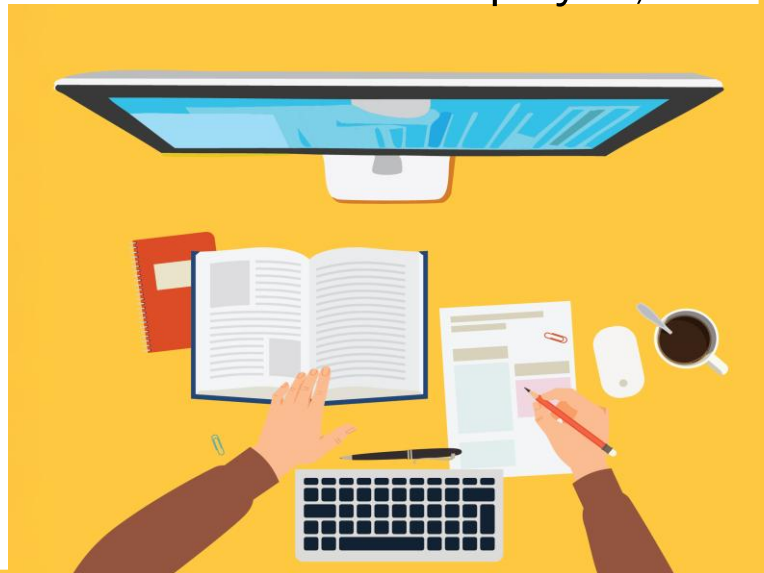

WarU fields the credentials in an incremental fashion leading up to the release of the full credential. Two new learning assets have been released! Once all learning assets for a credential are deployed, the credential will go live.

CTST 006: T&E and Tracking Reliability

- [TST 0310](#) From Requirements to Reliability T&E Strategy

CTST 007: T&E of Software

- [TST 0700](#) Requirements for Software

Upcoming Events

Strength Through Standardization

This webinar will highlight the ways the Defense Standardization Program enables the Department to improve operation capability, interoperability, and reduce cost. To register, click [HERE](#).

Digital Acquisition Learning Assets

This webinar will discuss the ways that Digital Acquisition Learning Assets are supporting the advancement of the workforce through leveraging AI and experiential learning. To register, click [HERE](#).

Check the WarU Events at <https://www.waru.edu/events> for more webinars and events. Webinars are recorded and saved for future viewing by those who could not attend live.
